

The Dragon made a mistake. Years ago, he branded Shadows father Abaddon a traitor, guilty of conspiring with the angels and currently tortures him in the lowest circle of Hell. The demon Shadow vows to rescue his father, but has always wondered if the rumors were true. After all, his father did give him Michael the Archangels short blade before he was dragged off by the Dragons army. Leech has always been picked on and bullied by the other demons. His father is a lowly minor demon in General Cains armies and has no hope of advancing. Despite his small size, Leech knows he was meant for great things and refuses to let larger demons get in the way of his ambition and hunger for power. Denied a life of ease and pleasure, Lilith trained herself to fight with a single goal in mind: killing her mother. Lilith was raised by the minor demon, Panic, despite the general consensus that she was actually the daughter of the major demon of lust, Vixen. Follow Shadow, Leech, and Lilith as they fight angels, nephilim, and sometimes other demons on the path to become minor demons.
