

When a secret conclave of wizards brings a legendary hero back from the forgotten past to save their dying world, they get a hero unlike anything they expected, and trigger a crisis none of them may survive. From New York Times bestselling writer Kurt Busiek (Astro City, Marvels), rising-star artist Benjamin Dewey (I Was the Cat, Tragedy Series), and award-winning colorist Jordie Bellaire, The Autumnlands begins an epic fantasy tale of survival and adventure in a world of beast-wizards, sorcery, brutality, and hope. This specially-priced volume collects the first six issues of the hit series for adults that Wired calls "â€œ...deep, rich and quirky enough to stand leagues ahead of its competition.â€•"
