

Former combat tracker Mitch Kearns is back in this explosive new thriller from JT Sawyer. This time Mitch is back in the U.S. visiting a friend at a secluded home in Colorado. Little do they know that there is a killer in their midst who is plotting against them for actions connected with a mantracking case Mitch was involved with a year earlier. With a storm moving in and one of their group dead before nightfall, they must work together to figure out who the traitor is and escape the perilous canyon where they are trapped.
